**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

OFFICE OF PETITIONS

In re Application of

Application No. 10/021,128
Filed: December 12, 2001
Attorney Docket No. 60130-986 OOMRA
0576

: DECISION GRANTING
: PETITION

This is a decision on the petition under 37 CFR 1.10(c) filed on January 22, 2002 (original copy) and May 24, 2002 (faxed copy), which is properly treated as a petition under 37 CFR 1.10(d), requesting that the above-identified application be accorded a filing date of December 12, 2001, rather than the presently accorded filing date of December 19, 2001.

Applicants request the earlier filing date on the basis that the application was purportedly deposited with the U.S. Postal Service (USPS) as Express Mail on December 12, 2001, pursuant to the requirements of 37 CFR 1.10. The petition is accompanied by a copy of the USPS Track/Confirm system information showing that the package bearing Express Mail label No. EL747232823US was enroute on December 12, 2001. The same Express Mail receipt number appears on the copy of the original application transmittal letter submitted with present petition.

In view of the above, the evidence is convincing that the application was deposited as "Express Mail" with the US Postal Service on December 12, 2001.

The petition is granted. *RA*

No petition fee is required and none has been charged.

The application is being returned to Initial Patent Examination Division for correction of the filing date to December 12, 2001. *RL*

Telephone inquiries specific to this matter should be directed to Wan Laymon at (703) 306-5685.
